WE JUST GOT BACK HOME. CAN YOU NOT COME BACK YET, MIKA-SAN?
YES... RIGHT...

Don't bother taking an angel to a human doctor or the like. Don't worry--if the damage is as you've described, I have a remedy for that in the apartment.
SO I REALLY DO NEED TO TAKE HER TO A HOSPITAL...
Sorry. I'm not even back in the human realm yet. It'll be at least another five hours before I get back.

UH...COULD YOU PLEASE SAY THAT IN A WAY THAT'S EASIER TO UNDERSTAND?
If she's gone limp, the reason must be that. The Baneiri likely injected repulsive cells into her which drew her heat through her skin and dispense it.
Listen up, Mutsuki-kun. Angels are resilient against physical attacks, but since the Materia composing us is based on our inner flame, our weakness lies in whatever can steal a way our body heat.

I MEAN THAT THE SOURCE OF THE ILLNESS IS IN ONE PART OF HER BODY.
ENJU IS YOUNG, SO SHE HAS ENERGY TO SPARE. STIMULATING HER METABOLISM SHOULD BE ENOUGH TO DO THE TRICK.
DO YOU STILL HAVE THE PERFUMED OIL I GAVE YOU, MUTSUKI-KUN?
Oil... Oh, yes, I do!
Okay. I've got it. What should I do now?
That is originally a fluid infused with mana, designed to restore the purity of an angel's artificial body. Topical application of that should help Enju regain her energy composition.
She's also been under the effect of the Serpent's Eye, right? She's still probably suffering its influence, so contact with your cells should also help to gradually ease her mind and body.
UM...SO WHAT ARE YOU ASKING ME TO DO...?
GET WITH THE PROGRAM!

I'm telling you to rub the oil on her skin directly--with your own two hands.
